***Election/Restrictions***

1. This application contains claims directed to the following patentably distinct species of the claimed invention:

First Species: figures 1-4

Second Species: figures 5-8

Third Species: figure 9

Fourth Species: figures 10-13

Fifth Species: figures 14-16

Sixth Species: figures 17-18

Seventh Species: figures 19-20

Eighth Species: figures 21-23

Ninth Species: figures 24-26

Tenth Species: figure 27

Eleventh Species: figures 28-29

Twelfth Species: figures 30-34

Thirteenth Species: figures 35-39

Fourteenth Species: figures 40-42

Fifteenth Species: figures 43-45

Sixteenth Species: figures 46-48

Seventeenth Species: figures 49-50

Eighteenth Species: figures 51-53

Nineteenth Species: figure 54

Twentieth Species: figures 55-57

Twenty-first Species: figure 58

Twenty-Second Species: figure 59

Twenty-Third Species: figure 60

Twenty-Fourth Species: figures 61-62

Twenty-Fifth Species: figures 63-64

Twenty-Sixth Species: figure 65

Twenty-Seventh Species: figure 66

Twenty-Eighth Species: figures 67-70

Twenty-Ninth Species: figures 71-72

Thirtieth Species: figure 73

Thirty-first Species: figure 74

Thirty-second Species: figure 75

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently there is no generic claim.

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which are written in dependent form or otherwise include all the

Art Unit: 2615

limitations of an allowed generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species. MPEP § 809.02(a).

Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.

2. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
